¹ Amended by Senate Resolution 38/2021. (VIII.26.) Effective from: 27. 08. 2021.

² Amended by Senate Resolution 23/2022. (VII.14.) Effective from 15 07. 2022.

³ Amended by Senate Resolution 6/2023.(II.16) Effective from:17.02.2023 ⁴

⁴ Amended by Senate Resolution 26/2025.(VIII.28). Effective from 28.08.2025.

⁵ Amended by Senate Resolution 18/ 2026 (V.28) Effective from 01.06.2026.

The Senate of John Von Neumann University (hereinafter referred to as the University), acting in accordance with its powers under Section 12 (3) eb) of Act CCIV of 2011 on National Higher Education (Hungarian abbreviation: Nftv; hereinafter referred to as the Nftv.), and in compliance with the obligation set out in Section 11 (1) a) of the Nftv., and in accordance with the provisions of the Nftv. and the provisions of Government Decrees 87/2015 (IV. 9.) and 248/2012 (VIII. 31.), as the third chapter of the Student Requirements System, which forms the third part of the Organisational and Operational Regulations of the University, the Academic and Examination Regulations on the Students' Study Arrangements and on Learning, Acquisition and Monitoring of Knowledge, Skills and Capabilities (hereinafter referred to as the Regulations) are hereby established as follows.

ORGANISATIONAL AND OPERATIONAL REGULATIONS

PART THREE STUDENT REQUIREMENTS SYSTEM

CHAPTER III. ACADEMIC AND EXAMINATION REGULATIONS

Interpretative provisions

1. §

- (1) Concepts related to the credit system:
 - a) Credit: one credit is the index of the academic work accomplished successfully which a student of average capabilities completes in 30 hours of academic work.
- (2) Concepts related to the curriculum and the timetable:
 - a) Course: a curricular study unit including the predetermined academic and examination requirements in conjunction with the assigned credit.
 - b) Course: the representation of a given course and/or course element in the timetable of the current semester.
 - c) Neptun: an electronic academic registration system.
 - d) Course requirements: the description in the course menu-point of Neptun, which includes the details of the course (degree courses, specialization, code, type, number of contact hours, credit, content, study-aids, compulsory and recommended literature, requirements for the completion of the course and the methods of their evaluation, methods of assessment, its topics, methods and time of the registration for assessment, and possibilities for compensation).
 - e) Registration week: a period specified for the actual course registration in the first week of the instruction period.
 - f) Competence measurement: an assessment in which certain knowledge, skills and capabilities are assessed in a computer-based environment. Registration: the semester is

activated by the student by the reconciliation of data via Neptun before the registration week.

- g) Registration course book: a certified and inseparably stapled document printed from Neptun (the extract of registry sheet) as defined by Government Decree 87/2015. (IV.9.) 36. § (12).
- (3) Concepts related to the assessment of academic performance:
 - a) Retake examination: the first attempt at correction following a failed examination.
 - b) Repeated retake examinations: examinations following the first two failed examinations (examination and retake examination).
 - c) The transcript of records is a paper-based document issued and certified by the higher education institution, containing the description of the syllabus of the course completed by the student (curriculum requirements), which in the interest of decision-making under Nftv. 49. § (5) allows reviewing and evaluating to what extent the knowledge and other competences acquired and proved by the student correspond to the specified competences of the course substituted (curriculum requirements).
 - d) ECTS (European Credit Transfer System): the credit recognition system, which is internationally valid and obligatory for institutions having the Erasmus Charter, for the conversion of credits and grades (academic results) obtained at a foreign higher education institution.

2. §

- (1) Dual training programme: education as defined by Nftv. 108. § (1) point b).
- (2) In the case of a dual training programme, the regulations for academic and examination requirements must be applied and complied with the differences defined in these regulations.
- (3) The clause under Government Decree 87/2015 (IV.09) Appendix 9 point 6 subpoint 6.6 must be stated in the certificate of the students participating in the dual training programme.

Academic training periods and their internal scheduling

3. §

- (1) The academic year consists of two training periods (semesters).
- (2) In the general scheduling of the semesters, the duration of the instruction period is 12-15 weeks, while the examination period is at least 5 weeks. The schedule of the academic year is specified by the Rector.
- (3) The combined length of the winter, spring and summer holidays is at least 6 weeks.

4. §

- (1) The general schedule of the given current semester shall be specified by the Deans in consultation with the Rector.

(2) Students must be informed about the schedule of the semester the week before the registration week at the latest.

(3) In the instruction period, after seeking the students' opinion or on their initiative, up to 3 days off are permitted. The Deans in consultation with the Rector specify the time of the days off, and the students are notified in the conventional method of the place.

5. §

(1) The duration of a lesson is 45 minutes.

(2) After each lesson, a break of at least 10 minutes must be taken.

(3) It is possible to hold consecutive lessons in a single class (merging) to ensure continuity of teaching.

(4) The duration of professional (production, factory) practices may be 8 hours a day at the longest.

Course registration

6. §

(1) Students shall fulfil their academic responsibilities following their individual academic timetable which they have compiled, taking into account the provisions of the law and these regulations.

(2) The University shall assist the compilation of the individual timetable by publicizing a recommended curriculum (Model Curriculum) in order to enable the student to complete the given degree courses within the period specified in the programme and exit requirements, however, the student is not restricted by the Model Curriculum.

(3) Students participating in dual education are obliged to compile their individual timetables following and taking into account the Model Curriculum specified by the University and the corporate partner jointly.

7. §

(1) The University shall assist the student in choosing courses and preparing for the requirements by publicizing the course requirements in Neptun.

(2) ⁶Subject requirements will be completed by the first week of the academic term. The course unit leader is responsible for the current content of the course requirements and the ViceDean of the Faculty where the given course is taught is in charge of publicizing them.

(3) Depending on the nature of the course, the syllabus, the notes and other study-aids containing the study material, the list of compulsory and recommended literature, the place and the duration of the professional (production, factory) practices, and the method and the expected scheduling of assessment must be stated among the requirements.

⁶ Amended by Senate Resolution 18/2026 (V.28). Effective from 10.06.2026.

8. §

- (1) The individual timetable drawn up by the student consists of compulsory, compulsory elective and elective courses.
- (2) The maximum number of credits taken in one semester in each programme is 50.
- (3) Within the full period of the same programme in the same degree courses, the same course may be taken eight times at most.
- (4) Elective courses may be taken from the set of courses announced by the University under this name.
- (5) ⁷Full-time students participate in a ranked course registration process. The rules governing this are set out in a separate Dean's order.

8/A. §

- (1) Besides elective courses, students may also choose to participate in voluntary activities advertised in Neptun, which can be fulfilled by participating in learning and career planning activities and training courses⁸ offered by the University's departments, with one hour of certified voluntary activity being equivalent to one student working hour. Students may count two credits (30 hours) per semester as volunteering.⁹
- (2) The leader of the activities defined in subsection (1) or the person at the place of performance who has been appointed beforehand¹⁰ and of whom the student has been informed in advance is entitled to verify the accomplishment of the voluntary activity.
- (3) The Vice Dean is entitled to recognize the voluntary activity, and reward it with credits until the end of the semester.

9. §

- (1) Students shall compile their individual timetable in such a way that they first prepare a preliminary timetable taking into account the Student Guide and the Model Curriculum, and then the timetable is finalized during the registration week.
- (2) The Student Guide contains the courses available in the given semester, sets the minimum number of students to start the course and the maximum number of students that may be accepted. The Student Guide must be publicized in Neptun at least two weeks before the beginning of the instruction period.
- (3) The academic departments concerned and the Directorate of Academic Affairs shall cooperate closely in the announcement of the courses and the course registration.
- (4) The individual timetable which has been entered into Neptun and closed by the Directorate of Academic Affairs is considered to be the finalized timetable.
- (5) ¹¹ Full-time students participate in a ranked course registration process. The rules governing this are set out in a separate Dean's order.

⁷ Amended by Senate Resolution 18/2026 (V.28). Effective from 01.06.2026.

⁸ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from 08.28.2025.

⁹ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from 08.28.2025.

¹⁰ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from 08.28.2025.

¹¹ Amended by Senate Resolution 18/2026 (V.28). Effective from 01.06.2026.

9/A. §

- (1) ¹² Applications for transfer from another institution, or for changing one's major, specialization, study location, language of instruction, or study schedule, may be submitted starting from the end of the preceding academic term. The deadline for submission is no later than one week prior to the registration week of the given semester. The competent Faculty Credit Transfer and Academic Committee decides on the acceptance of the submitted applications. The Directorate of Education and Training is required to notify the student of the decision within eight days.
- (2) The deadline for submitting applications for subsequent subject registration is the first working day of the third week of the academic period. The application must be submitted to Neptun, where the instructor of the subject concerned will give an opinion. The deputy dean decides on the permission for subsequent subject registration
- (3) Beyond the deadline set in subsection (2), applications for a posterior course registration may only be submitted in circumstances deserving special consideration, with the consent of the Faculty Credit Transfer and the Academic Affairs Committee. Among others, in-patient treatment confirmed with a hospital discharge summary in the full period of the registration week and the acceptance of transfer from another institution are regarded as circumstances deserving special consideration.
- (4) ¹³ The student may deregister from any of the registered courses with an application submitted via Neptun until the first working day of the third week of the instruction period.

10. §

- (1)
- (2) Some successfully completed courses cannot be taken repeatedly.
- (3) Students who already registered for the course in the previous semester and obtained the entry 'Signed', but did not sit for the examination or failed it may take the given course as an exam course. (3a)
- (4) Students who obtained the entry 'Refused' or 'Not completed' in any course must register for the course repeatedly.

Credit regulations

11. §

- (1) In undergraduate programmes, the number of credits required to obtain the course degree:
 - a) in 6-semester programmes 180 credits,
 - b) in 7-semester programmes 210 credits,

¹² Amended by Senate Resolution 18/2026 (V.28) Effective from 01.06.2026.

¹³ Deleted by Senate Resolution 18/2026 (V.28) Effective from 01.06.2026

- c) in 8-semester programmes 240 credits.
- (2) ¹⁴
- (3) ¹⁵
- (4) ¹⁶In Master's programmes, the required number of credits to obtain a course degree is 120.
- (5) ¹⁷ During the programme period, the maximum number of credits obtainable free of charge is 120.
- (6) In postgraduate specialist training courses, the training programme contains the number of credits required to obtain a degree, which is at least 60 and 120 at most depending on the length of the training course.

The process of credit recognition

12. §

- (1) ¹⁸ Students are required to complete at least one-third of the credits for the compulsory courses necessary to obtain their degree within the specific study programme at the University. A study programme is defined as studies pursued within a specific major, under a specific study schedule, in a specific language, and at a specific study location.
- (2) Credits may be awarded for acquiring certain knowledge and skills on one occasion only. The academic performance awarded with credits must be recognized at any higher education institution, regardless of the type of the higher education institution and the level of the training programme at which the credits were obtained. The recognition, on the basis of the course programmes, takes place solely by comparing the acquired knowledge and skills awarded with the credits. Credits must be recognized if the knowledge and skills compared are at least 75 per cent identical.
- (2a) ¹⁹ Starting from the 2022/23/2 semester, in the event of an intra-institutional change of study programme, credits from the previous programme that are not accepted for transfer will be counted as elective subjects within the given programme.
- (3) The following documents must be enclosed to the application:
 - a) a certificate of the transcript of records showing the academic results achieved, issued and certified (stamped and signed) by the higher education institution, or
 - b) the certified course descriptions of the prior studies that need to be recognized, except in the case of courses previously completed at the University,
 - c) a copy of the concerned sections of the registration course book, certified in the abovementioned way, or in its absence the certified registration course book printed from Neptun.
- (4) Students may submit an application for credit transfer related to the course which needs to be recognized via Neptun until the first working day of the third week of the instruction period. It is assessed by the course unit leader and /or the instructor of the course on the basis of the documents that must accompany the application (documentary evidence of completing the course, the certified syllabus of the course, the certified description of work

- experience). The recognition of credits cannot be refused if the knowledge and skills compared are at least 75 per cent identical.
- (5) The Faculty Credit Transfer and Academic Affairs Committee shall make decisions on the applications.
 - (6) The application is not admissible:
 - a) in the case of delayed submission;
 - b) if the application form is incomplete or does not meet the formal requirements;
 - c) in the absence of some required documents.
 - (7) On the basis of the decision made by the Faculty Credit Transfer and Academic Affairs Committee, the Directorate of Academic Affairs shall enter the courses accepted into Neptun with the grades assigned to them.
 - (8)) Students receive the decision of the Faculty Credit Transfer and Academic Affairs Committee via Neptun.
 - (9) The rejection of the application does not entitle the students to submit posterior applications for course registration.
-
- (10) If the course recognized is not taken into account in the academic record of the given semester, the assessment of the course recognized is not included in the given semester's weighted academic averages as defined in 33. § of these regulations, and it is not included in the credit number of the semester in the financial reclassification process.
 - (11) The provisions of this § must also be applied in the case of applications for the recognition of the acquired knowledge and skills in the context of part-field specializations and higher educational vocational training as credit value.
 - (12) In the case of transfer from another institution, change of degree, specialisation, the place of training, the language of training and work schedule, the transfer of credits may be applied for by the first working day of the third week of the instruction period following the decision on the transfer.

Cases of credit recognition

13. §

- (1) The student may submit applications for the recognition of prior studies in his/her own or another higher education institution as credits until the first working day of the third week of the instruction period. Courses recognized by the decision of the Faculty Credit Transfer and the Academic Affairs Committee shall be accepted by the University as courses completed with a proper credit value, but the courses accepted in this way are not included in the academic record of the given training period.
- (2) Students may declare the recognition of simultaneous studies or guest student studies at another Hungarian higher education institution as credits at the end of the semester until the first working day of the third week of the instruction period via Neptun. Following the completion of the course, the student shall submit an application for credit recognition until the last day of the examination period to the Faculty Credit Transfer and Academic Affairs Committee. Courses recognized by the decision of the Faculty Credit Transfer and the Academic Affairs Committee shall be accepted by the University as courses completed

with a proper credit value, but the courses accepted in this way are not included in the academic record of the given training period.

- (3) The student may submit applications for the recognition of simultaneous studies at the University as credits:
 - a. In the case of a course completed earlier in the simultaneous degree course the student may submit the application until the first working day of the third week of the instruction period of its recognition. The courses recognized by the decision of the Faculty Credit Transfer and the Academic Affairs Committee shall be accepted by the University as courses completed with a proper credit value. Courses accepted in this way are not included in the academic record of the given training period.
 - b. In the case of courses to be completed in the current semester in the simultaneous course degree, their credit recognition in another simultaneous degree courses in the current semester may be requested by the student following the completion of the course until the last day of the examination period in the current semester. Courses recognized by the decision of the Faculty Credit Transfer and Academic Affairs Committee shall be accepted by the University as courses completed with a proper credit value. Courses accepted in this way are not included in the academic record of the given training period.
- (4) Students may declare the recognition of studies at foreign higher education institutions as credits until the first working day of the third week of the instruction period to the instructor of the course or the Vice-Dean of the relevant faculty. Following the completion of the course, students shall submit an application for credit recognition until the last day of the examination period. Courses recognized with the decision of the Faculty Credit Transfer and the Academic Affairs Committee shall be accepted by the University as courses completed with a proper credit value. Courses accepted in this way are included in the academic record of the given training period.

An application for the recognition of credits earned at a foreign higher education institution in a given semester may be submitted by the last day of the examination period. If the credits are obtained at the foreign institution after the examination period, they may be recognised in the following semester.

- (5) Students may submit an application for the recognition of work and other experience as a given course until the last day of the registration week. The following documents must be enclosed to the application:
 - the employer's certificate as proof of work experience, job description
 - a report of at least five A/4-sized pages, in which students prove that they acquired the knowledge and skills necessary for the completion of the course through the work experience.
- (6) Courses recognized in this way with the decision of the Faculty Credit Transfer and Academic Affairs Committee shall be accepted by the University as courses completed with proper credit value, but they are not included in the academic record of the given training period.

Attending lessons

14. §

- (1) The lecture and the consultation for correspondence students are the places of official information concerning courses, and an integral part of the training process, in regard to this

fact the University shall expect the student to attend them. The University is entitled to keep a record of attendance at lectures and consultations.

- (2) Attendance is compulsory at seminars, practical and laboratory sessions for full-time students, and expected for part-time students.
- (3) In compulsory lessons, in reference to each course separately, the number of lessons missed cannot exceed one third of the number of lessons specified in the given semester. If the number of lessons missed exceeds the specified proportion, the completion of the course cannot be recognized.
The instructor may specify in the course description which course dates are compulsory for the successful completion.
- (4) ²⁰ Students are expected to arrive on time for lectures, seminars, and mandatory classes. In cases where class attendance is mandatory, a student's presence will not be recorded as valid if they arrive more than 10 minutes late without a valid reason, or if they leave the class after attendance has been checked without a legitimate reason.
- (5) ²¹ Students are expected to participate actively during sessions. Should a student's behavior disrupt the flow of the class or disturb fellow students, the instructor may ask them to leave the classroom or the online session. In the case of a mandatory session, this must be recorded by the instructor as a failure to meet attendance requirements.

Exemption from the obligation to attend lessons

15. §

- (1) Exemption from the obligation to attend lessons may be granted to students who
 - a) have outstanding and proven theoretical / practical performance in some professional field, or
 - b) are involved in nationally or internationally recognised scientific work of a students' scholarly circle, or
 - c) are a University or Faculty Board Member of the Students' Council, or
 - d) wish to study simultaneously at another higher education institution or at another faculty, or in another degree programme of the faculty concerned, and it has been permitted by the host institution or faculty.
- (2) In one semester, students may be exempted from attending the lessons of a course worth up to 15 credits.
- (3) In the absence of the terms set out in subsection (1), and above the credit value defined in subsection (2) exemption from the obligation to attend lessons may be granted in the case of circumstances deserving special consideration. Among others, the following are qualified as circumstances deserving special consideration:
 - a) competitive sport, and regular participation in national and international competitions of the sport,
 - b) ²² if no more than 15 credits are required to complete the programme—excluding, however, the credit value of the thesis and the professional (field) internship
 - c) if the corrected credit indices of the previous two active semesters are above 3.0,

²⁰ Repealed by Senate Resolution 26/2025. (VIII.28.) Effective from 28.08. 2025.

²¹ Amended by Senate Resolution 18/2026 (V.28) Effectiver from 01.06.2026.

²² Amended by Senate Resolution 18/2026 (V.28) Effectiver from 01.06.2026.

- d) if a student is staying at home for the purpose of childcare, and therefore, receives child care benefit,
 - e) if it is justified by the nature of the disability,
 - f) if a student is an in-patient, or needs regular medical treatment,
 - g) ²³completion of the mandatory professional internship prescribed for the student's study programme.
 - h) ²⁴
 - i) ²⁵An exemption from the mandatory class attendance requirement may be requested if a student finds themselves in a situation requiring special consideration after the deadline for requesting an individual study schedule at the beginning of the semester.
- (4) Applying subsection (3), the following are not qualified as circumstances deserving special consideration:
- a) the establishment or existence of employment relationship along with a full-time training schedule,
 - b) the simultaneity of contact lessons, excluding, however, the case of simultaneous registration for more than one degree course or specialization.
- (5) Exemption from the obligation to attend lessons cannot be granted either under subsection (1) or under subsection (3) in the following cases:
- a) ²⁶
 - b) ²⁷
 - c) in the case of applications submitted after the deadline
 - d) in the case of a laboratory exercise involving the use of equipment.
- (6) Irrespectively of subsections (1) - (5), exemption from the obligation to attend lessons shall be granted to Members of Parliament or local government representatives.
- (7) Exemption from the obligation to attend lessons can only be requested for a course taken, and the allowance provided by the exemption means that students must satisfy only the content requirements of the course permitted, following an individual schedule (reports, field practices, measurements, mid-term tasks, progress checks), and in the case of deviation from the general course requirements, the conditions shall be specified individually by the instructor of the course.

16. §

- (1) The decision on exemption from the obligation to attend lessons shall be made by the Faculty Credit Transfer and Academic Affairs Committee taking into account the opinion of the course unit leader or instructor of the course recorded in Neptun.
- (2) The application for exemption shall be submitted via Neptun, together with the reasons for the application and supporting documents, by the first working day of the third week of the instruction period.
- (3) The decision shall be passed to the student via Neptun by the Committee. The Directorate of Academic Affairs shall enter the deed of exemption into Neptun.

²³ Amended by Senate Resoulution 26/2025. (VIII.28.) Effective from: 28.08. 2025.

²⁴ Deleted by Senate Resolution Senate Resoulution 26/2025. (VIII.28.) Effective from: 28.08. 2025.

²⁷ Deleted by Senate Resolution : 26/2025. (VIII.28.) Effective from: 28.08. 2025.

- (4) The student is obliged to contact the instructor within eight days after having received the decision in order to specify the schedule and the conditions as defined in 15. § (7) of these regulations.

Assessment of student performance

17. §

- (1) By implementing a five-grade scale²⁸, unless otherwise specified by the faculty²⁹, the student's performance is:
- a) excellent (5) if the performance is 90-100%,
 - b) good (4) if the performance is 80-89%,
 - c) satisfactory (3) if the performance is 66-79%,
 - d) pass (2) if the performance is 50-65%,
 - e) fail (1) if the performance is below 50%.
- (2) By implementing a three-grade scale³⁰, unless otherwise specified by the faculty, the student's performance is:
- a) excellent (5) if the performance is 80 - 100 %,
 - b) satisfactory (3) if the performance is 50 - 79 %,
 - c) fail (1) if the performance is below 50%.

The method of monitoring and assessing academic knowledge

18. §

- (1) In accordance with the training objective the successive forms of assessment related to monitoring academic knowledge are laid down in the curriculum and its content requirements are specified in the course programme descriptions.
- (2) The forms of assessment of the courses are the following:
- a) continuous assessment, practical course grade,
 - b) examination (end term examination),
 - c) report,
 - d) comprehensive examination.
- (3)³¹Continuous assessment (assessment of practical work, a practical grade) may be prescribed by the curriculum if the practical application of the subject—and the assessment of the skill to apply it—is both feasible and necessary in light of the training objectives. Students in the full-time study schedule must fulfill the requirements for a continuously assessed subject during the teaching term. Continuous assessment is conducted using a five-grade scale.

²⁸ Amended by Senate Resolution 38/2021 (VIII.26.). Effective from:27. 08. 2021.

²⁹ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from : 28.08. 2025.

³⁰ Deleted Amended by Senate Resolution 38/2021 (VIII.26.). Effective from:27. 08. 2021.

³¹ Amended by Senate Resolution 18/2026. (V.28.) Effective from 01.06.2026.

(4)³²In accordance with the course requirements, the practical grade may also be obtained during the examination period. Students must be provided with at least one opportunity to improve a failing grade during the examination period. The conditions and procedures for improving a failing practical grade are regulated by faculty policies. Faculty policies may specify justified cases—primarily those related to continuous assessment—where improvement during the examination period is not permitted.

(5)The examination (endterm examination) in general comprises the comprehensive assessment of the study material in a course during one semester. In its context the instructor must decide to what extent the student has acquired the study material and must see if he/she is capable of acquiring further knowledge based on the course. The endterm examination shall be assessed according to a five-grade scale. The activity of the student during the semester may be credited in the exam grade.

(6) The report is the form of assessment of the knowledge specified in the curriculum and it shall be assessed according to a three-grade scale.

(7) The comprehensive examination covers the material of several semesters. This form of assessment can be implemented in the case of students solely whose curriculum has specified this from the beginning of their studies.

(8) ³³Pursuant to Section 49/A of the Nftv. [Act on National Higher Education], the university provides students with the opportunity to have their proficiency in a foreign language for professional purposes assessed—in accordance with the curriculum—and evaluates the acquisition of such knowledge. Within their own authority, the university's faculties may specify in the curriculum which state-recognized language examinations or other language proficiency assessments are accepted as evidence of foreign language proficiency for professional purposes.

18./A §³⁴

The Fairness of Assessments

(1) Upon attending a given assessment session, students are required to prove their identity by presenting an official photo ID (e.g. identity card, student card, passport, driving licence) if requested to do so by the lecturer.

(2) Students are obliged to adhere to ethical standards of conduct and the requirements for fair participation in assessments and examinations. The use of unauthorised aids or methods constitutes a disciplinary offence. In the case of a student caught in the act or reasonably suspected of such behaviour, a report must be drawn up; at the same time, the student's academic performance on that occasion cannot be assessed (the entry 'did not attend' must be recorded for the examination, which may be amended should a disciplinary decision be made in the student's favour).

(3) The minutes are a document having evidential value, which set out the place and time of the event, the name(s) of the participant(s), a description of the event(s) that took place, and the signatures of the minute-taker and the certifying officers.

³² Inserted by Senate Resolution 18/2026 (V.28) Effective from 01.06.2026

³³ Inserted by Senate Resolution 18/2026. (V.28.) Effective from 01.06.2026.

³⁴ Inserted by Senate Resolution 18/2026. (V.28.) Effective from 01.06.2026.

19. §

- (1) The implementation of the practice-orientated course and the coherent field practice in the undergraduate course are specified by the order of the Dean.
- (2) The acceptance of the professional field practice, the degree thesis/final diploma work course and the completion of the course included as a criterion is certified by the instructor by an entry in Neptun.
- (3) On a date fixed by the instructor students are allowed to inspect the evaluation of the written assessment (classroom test, online test, home assignment, planning assignment, examination paper etc.) specified in the course requirements and they shall be informed of the correct answers.

19/A. §

- (1) The Directorate of Academic Affairs makes the performance sheet printable in Neptun at the beginning of the examination period, and students may print it and use it as a proof of the accomplishment of their academic responsibilities in a way that the instructor is required to enter and sign the assessment given during the oral examination on the sheet. The instructor is obliged to enter the assessment of the student into Neptun.

20. §

- (1) The instructor of the course and the leader of the practical course are entitled to enter the grade of the continuous assessment into Neptun.
- (2) In the full-time training schedule, the grade (practical course grade) of the continuous assessment must be entered into Neptun before the last day of the instruction period at the latest.
- (2a) In the correspondence training schedule the grade (practical course grade) of the continuous assessment must be entered into Neptun before the last day of the instruction period at the latest.
- (3) The degree thesis consultant or the leader of the given degree course is entitled to enter the acceptance of the degree thesis/final diploma work course into Neptun.

21. §³⁵

Application to the Dean for consideration on grounds of equity

- (1) During their studies, a student may, on one occasion, request that, if they have been unable to fulfil a study or examination requirement (for example, if they have missed the deadline for submitting a written assignment, project work or other task set by a lecturer for a valid

reason), that the Dean, on grounds of equity, grant them permission to make up for the omission.

- (2) No application for equity may be submitted to retake a failed or missed final examination within the same examination period.
- (3) The grounds must be duly substantiated. The written application must be submitted via the Neptun system.
- (4) Applications may be submitted within 48 hours of the date or deadline of the relevant academic or examination requirement.
- (5) The fee for submitting the application is 20,000 forints, which is non-refundable even if the application for consideration on grounds of equity is rejected.

Organizing examinations and the registration for the examinations

22. §

- (1) The University shall publicize the forms and the schedule of the assessment of the given course in Neptun at the beginning of the instruction period, while the schedule of the examination period with its opening and closing date shall be announced in the mid-semester schedule.
- (2) The instructors are obliged to announce the examination dates spread evenly within the given period in a way as to enable the students to retake the failed examinations during the examination period.
- (3) The dates of the examinations must be announced evenly in the examination period for at least 3 sessions so that the number of examination places must cover at least one-and-a-half times the number of candidates.

23. §

- (1) The University shall publicize the examination dates and the names of the examiners in Neptun at least 3 weeks prior to the end of the instruction period.
- (2) Students shall register for the examination via Neptun. Only those can take the exam who are registered for the examination concerned.
- (3) The exam registration can be modified in Neptun until 12 am on the last day preceding the examination.
- (4) Only students who have completed the preliminary requirements for the exam of the course concerned can be admitted to the examination.
- (5) ³⁶Students may attempt to pass the examination 1 time during the 1st week of the instruction period (during the registration week) for courses that can be taken as examination courses. In the case of an unsuccessful attempt in the first week, the first attempt in the normal examination period will be considered as the second attempt in that examination period. Students must request the announcement of the examination course and their intention to take the examination in the first week by submitting a form called registration weekly examination request of the given course via Neptun. Late applications for the announcement of an examination course or in connection with the examination may be rejected by the

³⁶ Inserted by Senate Resolution 23/2022 (VII.14.) Effective from: 15. 07. 2022.

Directorate of Academic Affairs without giving reasons. Examinations are held on the 2-3-4 days of the registration week, for which students may apply from the first day of the registration week.

The order of the examinations

24. §

- (1) Students are obliged to turn up and take the examination on the date chosen by them. In case of non-attendance the academic knowledge of students cannot be assessed.
- (2) On arrival at the examination students are obliged to prove their identity with any official document with a photo (e.g. identity card, student card, passport, or driving licence).
- (3) On the basis of the grading sheet printed from Neptun the examiner acknowledges if the student is entitled to take the examination (or not).
- (4) Examinations may also be conducted online on platforms approved by the University.

25. §

- (1) The oral examinations – including the final examinations and the defence of the degree thesis/final diploma work – are open to the public. The public – in view of the personal rights of the student and the discretion and confidentiality obligations of the topic of the exam – may be limited or excluded from the examination.
- (2) The candidate must be given a short period of preparation before the oral examination with personal attendance.
- (3) The examiner or the chairman of the examination board shall be responsible for the proper circumstances of the examination.
- (4) In the case of written examinations, the examiner is, at the request of the student, obliged to show the assessed written test at a pre-determined time.

Offering grades

26. §

- (1) The instructor may offer an examination grade to the student in an exam-based course with practical or laboratory lessons on the basis of excellent academic achievement during the instruction period.
- (2) The opportunity to offer a grade must be specified in the curriculum requirements at the beginning of the semester.
- (3) Students may solely be offered a grade of excellent or good, or a good pass mark.
- (4) Students are not obliged to accept the grade offered. If students do not accept the grade offered in Neptun it will be deleted at the end of the examination period.
- (5) Students are not obliged to accept the grade offered unless it is a grade of excellent. Instead of accepting it they must complete the requirements of the examination specified in the curriculum requirements.

The pre-examination

27. §

- (1) Students may take a pre-examination during the instruction period if it is specified in the curriculum requirements.
- (2) The preliminary requirements of the admission to the pre-examination must be specified in the curriculum requirements.
- (3) The grade of the pre-examination is assessed as a grade obtained during the examination period.

Repeating failed examinations (retake exam, repeated retake exam)

28. §

- (1) The retake exam of the same course may be taken on one occasion only.
- (2) If the retake exam was not successful either and the same person was the examiner during the examination as well as the retake exam, then, at the request of the student, the head of the department responsible for the course shall ensure that the repeated retake exam is conducted in front of another instructor or examination board.
- (3) A maximum of three examinations in the same course may be taken during one examination period.
- (4) ³⁷

Retaking a successful examination

29. §

- (1) Students may make an attempt to improve a successful grade of an examination for a better grade on one occasion per semester and per course.
- (2) The grade received at the improving examination shall be the final course performance.

The entry of the exam grades into Neptun

30. §

- (1) The examining instructor is entitled to enter the exam grade into Neptun and to modify the exam grade before the end of the examination period.
- (2) The result of the oral examination must be entered into Neptun before the end of the exam date at the latest, the result of the written examination must be entered within three working days after the examination.
- (3) Students can take an objection to the grade entered in Neptun during the full length of the examination period and shall submit it to the instructor entering the grade or the head of

³⁷ Deleted by Senate Resolution 26/2025. (VIII.28.) Effective from 28.08.2025.

the department concerned.³⁸ Students shall provide a well-grounded objection justified by an entry signed by the instructor on the performance sheet. In the case of a well-grounded objection the instructor corrects the grade otherwise forwards the objection to the Faculty Credit Transfer and Academic Affairs Committee without any delay.

- (4) Students can take objections to the grade entered in Neptun within 14 days after the examination period. The objection must be submitted to the Directorate of Academic Affairs in writing with the attachment of the performance sheet and the judgement of the instructor entering the grade.³⁹ In the case of a well-grounded objection the Director of Academic Affairs corrects the grade otherwise forwards the objection to the Faculty Credit Transfer and Academic Affairs Committee without any delay.
- (5) On one occasion per semester students can request a certified extract from Neptun (terminal registry sheet) verifying the courses fulfilled in the given semester.

Calculation of the academic record

31. §

- (1) The Directorate of Academic Affairs terminates the semester of students in Neptun during the week following the examination period and calculates the academic record.
- (2) The credit index of students must be calculated per teaching period, per semester.
- (3) The final record of the grades obtained must be credited in the credit index.

32. §

- (1) The quantitative and qualitative assessment of the student's performance in a given semester is based on the credit index or the corrected credit index.
- (2) For the calculation of the index courses which are not terminated successfully shall not be taken into consideration.
- (3) For the calculation of the credit index the product of the credit values of the completed courses in the semester multiplied by their grades shall be divided by the amount of credits that must be completed during one semester in the case of an average progression (30 credits).
- (4) ⁴⁰The corrected credit index may be calculated from the credit index multiplied by the ratio of credits completed during the semester and credits taken by the student at the registration.

$$CI = \frac{\sum C * G}{30} \quad CCI = CI * \frac{\sum CC}{\sum CT}$$

where: CI for credit index, C for credit, G for grade, CCI for corrected credit index, CC for completed credit, CT for credit taken

³⁸ Modified by Senate Resolution 44/2019.(X.31.). Effective from: 01. 11. 2019.

³⁹ Modified by Senate Resolution 44/2019.(X.31.). Effective from: 01. 11. 2019.

⁴⁰ Modified by Senate Resolution 44/2019.(X.31.). Effective from: 01. 11. 2019.

33.§

The weighted academic average shall be used to monitor the academic record of the student. For the calculation of the weighted academic average, the credit values of the completed courses of the given period shall be multiplied by their grades and then divided by the total amount of the credits of the courses completed:

$$WAA = \frac{\sum C * G}{\sum C}$$

where: WAA for weighted academic average.

The final (pre-degree) certificate

34. §

- (1) ⁴¹The University shall issue a final certificate to any student who has fulfilled the academic and examination requirements set out in the curriculum, as well as the required professional placement – with the exception of the completion of the dissertation (thesis) – and has obtained the required credits (including those for courses related to the dissertation) (absolutorium)
- (2) ⁴²The number of credits necessary for the issue of the final certificate must be obtained within a maximum of 10 semesters in the higher educational vocational training, a maximum of 20 semesters in the undergraduate courses, a maximum of 10 semesters in the master's programme and maximum within three times the duration of the course in the postgraduate specialist training.
- (3) In a programme financed through a state grant or in a programme (partially) financed through a state grant the number of credits necessary for the issue of the final certification must be obtained during the training period prolonged by two semesters. The Faculty Credit Transfer and the Academic Affairs Committee shall make a decision on the extension of the subsidized period – by a maximum of four semesters – for disabled students in accordance with Nftv. 47. § subsection (4). If the extension is denied students can continue their studies in the form of self-financed study.

⁴³ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from 28.08.2025.

35. §⁴⁴

(1) Students enrolled in university-level vocational training, undergraduate programmes, master's programmes and specialised further education programmes must complete a final dissertation/thesis/diploma project, provided that this is specified in the curriculum.

(2) The Dean's Directive shall specify:

- a) the date and method of announcing and selecting topics,
- b) the deadline for submitting the final dissertation/specialist dissertation/degree dissertation,
- c) the formal requirements for the final paper/specialist paper/dissertation,
- d) the procedures for the submission, assessment, defence, marking, correction and resubmission of the final paper/specialist paper/dissertation.

36. §⁴⁵

(1) Students may choose a topic for their final essay/specialist essay/dissertation that is either recommended by the departments or selected by the student themselves, provided it is approved by the head of the department organising the final examination.

(2) The head of the department may authorise a change to the topic of a final dissertation/specialist dissertation/degree thesis that has already been assigned, subject to the agreement of the relevant supervisors.

(3) A paper produced as part of the academic student research group may be accepted as a specialisation thesis or dissertation either in its entirety or following revision, provided that the faculty's Academic Student Research Group (TDK) panel makes a recommendation to this effect to the head of department. If the student does not accept the mark offered for the paper, they must defend their thesis during the final examination period.

37. §⁴⁶

(1) Two assessments must be carried out on the submitted final project/specialist project/dissertation; these may be external or internal assessments. The assessment process and the associated tasks shall be carried out by the department or faculty organising the final examination.

(2) ⁴⁷An external examiner for a final dissertation/specialist dissertation/degree dissertation may be appointed from among professionals holding a higher education qualification who have not been involved in supervising the preparation of the dissertation. The student shall be given access to a copy of the written assessment (excluding the mark) no later than one week before the final examination.

(3) The internal assessment shall be carried out by a lecturer from the relevant department or faculty.

⁴⁴ Amended by Senate Resolution 26/2025. (VIII.28.) Effective from 28.08.2025.

⁴⁷ Amended by Senate Resolution 18/2026. (V.28.) Effective from 01.06.2026

- (4) If both assessments result in a 'fail' grade, the final dissertation/specialist dissertation/degree thesis shall not be accepted.

The final examination

38. §

- (1) The preliminary requirements of admission to a final examination are:
- a) to obtain the final (pre-degree) certificate,
 - b) to hand in and get the degree thesis/final diploma work accepted,
 - c) to register for the final examination taking into account that
 - ca) for students who took up their studies before 1 September 2012, the final examination must take place within seven years of the date of the final (pre-degree) certificate.
 - cb) for students who took up their studies after 1 September 2012, the final examination must take place within five years of the date of the final (pre-degree) certificate in accordance with the law. Beyond five years the University is not allowed to accept the registration for the final examination out of fairness.
 - d) to complete their obligation of payment towards the University,
- (2) The components of the final examination⁴⁸:
- a) the defence of the final dissertation/specialist dissertation/degree thesis,
 - b) the oral examination specified in the course and exit requirements,
 - c) ⁴⁹

39. §

- (1) The student shall register for the final examination in Neptun.
- (2) The final examination shall be taken on one occasion only within one period of final examination.
- (3) Students may retake an unsuccessful final examination not more than three times.

40. §

- (1) The chairman of the final examination board shall be commissioned with the consent of the Faculty Council by the Dean.
- (2) The Dean makes a decision on the structure of the final examination board – except for the person of the chairman – considering the terms of staff conditions specified by the law.
- (3) The Dean is responsible to ensure the place, material, technical and staff conditions of the final examination.
- (4) Minutes must be kept of the final examination signed by the chairman of the final examination board.

⁴⁸ Amended by Senate Resolution 18/2026. (V.28.) Effective from 01.06.2026.

⁴⁹ Deleted by Senate Resolution 26/2025. (VIII.28.) Effective from 28.08.2025.

- (5) The Dean shall be authorised to regulate the implementation of these regulations at the final examination by Dean's Instruction.

The result of the final examination

41. §

- (1) The result of the final examination must be calculated as defined in subsections (2) - (4), treated in a different way at each faculty, considering the characteristics of the degree course.
- (2) ⁵⁰At the Faculty of Engineering and Information Technology (GAMF), students are awarded a five-point grade for both their final dissertation/specialist dissertation/thesis and their oral examinations. The final examination result is calculated as the simple arithmetic mean of the marks awarded in this way.
- (3) At the Faculty of Horticulture and Rural Development both the degree thesis/final diploma work and the oral tests shall be assessed according to a five-grade scale. The result of the final examination comprises the simple arithmetic average of the grades obtained.
- (3A) ⁵¹At the Faculty of Economics, students are awarded a five-point grade for both their final dissertation/specialist dissertation/thesis and their oral examinations. The final examination result is calculated as the simple arithmetic mean of the marks awarded in this way.
- (4) The assessment of the final examination is determined by the final examination board by a vote in a closed meeting. In the case of an equal division of the votes, the chairman shall be given the casting vote.
- (5) The result of the final examination shall be announced by the chairman of the board.
- (6) Should any part of the final examination be assessed with a failed grade, the unsuccessful part of the finals must be retaken.

The degree certification

42. §

- (1) ⁵²A prerequisite for the award of a degree certifying the completion of higher education is the successful completion of the final examination
- (2) The certification is signed by the Dean of the Faculty in charge of the given degree course.
- (3) The result of the degree certification is calculated on the basis of the weighted academic average of the total period of study and the arithmetic average of the final examination results as follows:

$$RC' = \frac{WAA + RF}{2}$$

⁵⁰Amended by Senate Resolution: 26/2025. (VIII.28.) Effective from 28.08.2025.

⁵¹ Amended by Senate Resolution: 26/2025. (VIII.28.) Effective from 28.08.2025.

⁵² Amended by Senate Resolution : 18/2026. (V.28.) Effective from 01.06.2026.

RC= RC' rounded to two decimals

where:

RC: for result of the certification expressed in numbers,

WAA: for weighted academic average calculated for the total period of study without the grade given for the degree thesis/final diploma work,

RF: for result of the final examination;

the result of the certification must be given in literal assessment as follows, based on the

RC: a) distinction if $4.80 \leq QD \leq 5.00$

b) excellent if $4.50 \leq QD < 4.80$

c) good if $3.50 \leq QD < 4.50$

d) satisfactory if $2.50 \leq QD < 3.50$

e) pass if $2.00 \leq QD < 2.50$

Provisions pertaining to students with disabilities

43. §

- (1) ⁵³ Students with disabilities are entitled to preparation and examination arrangements tailored to their disability, as well as to assistance in fulfilling the obligations arising from their student status. Within this framework, and in accordance with the procedural provisions set out in these regulations
 - a) where justified, they must be exempted from the requirement to study certain subjects or parts of subjects, or from the obligation to sit examinations,
 - b) when being examined, the student must be allowed extra time to prepare; the use of aids – in particular typewriters and computers – must be permitted for the written examination; where necessary, the written examination must be replaced by an oral examination, or the oral examination by a written examination
- (2) The exemption listed in paragraph (1) of this section may be granted solely in connection with the circumstances on which the exemption is based and shall not result in an exemption from the fundamental academic requirements.
- (3) The Faculty Student Affairs Committee shall decide, on the basis of an individual application from the student, on the exemption referred to in paragraph (1) of this section and the manner in which it is granted, on the recognition of a certified disability, and on the award of the associated benefits.

44. §

- (1) Students with a disability shall certify the type and extent of the disability and its temporal or permanent nature by an expert opinion specified in Government Decree 87/2015. (IV.9.) 63. § (1).
- (2) The expert opinion must be enclosed as an attachment with the application submitted in Neptun and its original form must be presented at the Directorate of Academic Affairs.
- (3) A copy of the expert and rehabilitation committee's opinion, as defined in the Act on Public Education, certified by the secondary education institution, is also acceptable.

⁵³ Amended by Senate Resolution : 18/2026. (V.28.) Effective from 01.06.2026.

- (4) The Directorate of Academic Affairs shall make a copy of the expert opinion and retain it in accordance with the law pertaining to the protection of personal data.
- (5) The expert opinion shall be inspected by
 - a) the persons and the decision-making bodies concerned with the exemption on the grounds of disability,
 - b) the persons and the decision-making bodies concerned with the student's social condition and his/her allowances granted, and
 - c) the institutional coordinator.
- (6) Students, in accordance with the provisions of this paragraph, are obliged to present the expert opinion on any changes in their health condition at the Office of Academic Affairs within 15 days of receipt of its notification.

45. §

- (1) Students with a disability shall be assisted by an institutional coordinator to be able to exercise their rights and fulfil their responsibilities.
- (2) Students concerned and the Students' Union must be notified of the person of the institutional coordinator.
- (3) The Directorate of Academic Affairs, on the basis of the statistical data from application and admission and on the basis of the expert opinions attached during the instruction period, shall notify the institutional coordinator of the person of the student with a disability without any delay.
- (4) The institutional coordinator shall contact the student with a disability without any delay after receiving the notification of the Directorate of Academic Affairs.

Use of Artificial Intelligence⁵⁴

46 §

- (1) Taking into account the strategic objectives of János Neumann University regarding digitalisation, Hungary's Artificial Intelligence Strategy, and the regulatory practices of the European Union and at international level, and with a view to facilitating the integration of innovative technologies into teaching and research processes, János Neumann University regulates the use of artificial intelligence by means of a Rector's Directive.
- (2) In accordance with Act CCIV of 2011 on national higher education and its implementing regulations, the conditions for the use of artificial intelligence-based content generation are set out in the current Rector's Directive.
